CERTIFICATES

flutter & Dart course

Udemy

WORK EXPERIENCE

App development Internship

12/2022 - 05/2023

SK Info

Surat

- Collaborated with a team to build and optimize APIs using Node.js, improving performance by 30%.

PROJECT

To-Do Website

- Interactive UI: Built responsive and user-friendly interfaces using React components and state management.
- Task Management: Users can add, edit, and remove tasks. Tasks can be marked as completed and filtered by their status (completed/incomplete).

Weather Website

- Developed a weather application using React that fetches real-time weather data from the OpenWeatherMap API, allowing users to search for cities and view weather details like temperature, humidity, and wind speed.
- Designed a responsive user interface with CSS, ensuring smooth functionality across devices and handling error scenarios like incorrect city names.

Personal Portfolio Website

- Designed and developed a responsive portfolio website using HTML, CSS, Bootstrap, and JavaScript, showcasing skills, projects, and achievements in an engaging format.

LANGUAGE

- English
- Gujarati
- Hindi
